

Synthetic Biology CAREER FAIR at the iGEM 2015 Giant Jamboree

September 27, 2015 - Hynes Convention Center - Boston, MA

As part of the iGEM 2015 Giant Jamboree weekend, iGEM is hosting a career fair event to foster relationships within the synthetic biology community.

This unique opportunity offers top employers a chance to meet with iGEM participants and discuss career opportunities.

Event features

a career fair format with the opportunity for employers to address the iGEM audience with their company's message and needs.

Companies looking to hire

can connect with our large community of highly knowledgeable and talented participants working in synthetic biology.

Universities

with synthetic biology programs are invited to exhibit and promote their school, program, and post-doc or graduate openings to the iGEM attendees.

Synthetic Biology Career Fair Packages

Career Fair Exhibitor - \$3,000

- 10' x 10' recruiting area with 6' table and 1 chair
